History and development. Western modern historical linguistics dates from the late 18th century. It grew out of the earlier discipline of philology, the study of ancient texts and documents dating back to antiquity.. At first, historical linguistics served as the cornerstone of comparative linguistics primarily as a tool for linguistic reconstruction. ...

Historical fiction is a literary genre in which the plot takes place in a setting located in the past. Although the term is commonly used as a synonym for the historical novel, it can also be applied to other types of narrative, including theatre, opera, cinema and television, as well as video games and graphic novels.. An essential element of historical fiction is that it is set in the past ...
