Wetland Science & Management. Study the physical, chemical and biological characteristics of wetlands and their many functions. Explore the complex land-use laws that apply to wetlands and affect their management and protection.

### **Engineering - UW Professional & Continuing Education**

Packaging is the science, art and technology of enclosing or protecting products for distribution, storage, sale, and use. Packaging also refers to the process of designing, evaluating, and producing packages. Packaging can be described as a coordinated system of preparing goods for transport, warehousing, logistics, sale, and end use.
