psychology a simple guide pdf

Psychology is the science of behavior and mind, including conscious and unconscious phenomena, as well as feeling and thought. It is an academic discipline of immense scope and diverse interests that, when taken together, seek an understanding of the emergent properties of brains, and all the variety of epiphenomena they manifest. As a social science it aims to understand individuals and groups ...

Sinus Pain or, when it is very serious, "Barotrauma of Sinuses." This pain often appears around or above the eyes, as in a headache on one side of the head. The pain results from atmospheric pressure changes, just as with inner ear pain (described above), only the pain involves congested sinus cavities.
