The meaning of work literature is the product of a long tradition of rich inquiry spanning many disciplines. Yet, the field lacks overarching structures that would facilitate greater integration, consistency, and understanding of this body of research.

On the meaning of work: A theoretical integration and

In organizational behavior and industrial and organizational psychology, organizational commitment is an individual's psychological attachment to the organization. The basis behind many of these studies was to find ways to improve how workers feel about their jobs so that these workers would become more committed to their organizations.

Organizational commitment - Wikipedia

What exactly is culture? Unfortunately a fixed, universal understanding does not exist; there is little consensus within, let alone, across disciplines.
