World history or global history (not to be confused with diplomatic, transnational or international history) is a field of historical study that emerged as a distinct academic field in the 1980s. It examines history from a global perspective. It is not to be confused with comparative history, which, like world history, deals with the history of multiple cultures and nations, but does not do so ...

We are in the End Times “ the most glorious times in the history of earth and mankind. The End Times are the Times of Ascension when this planet and humanity will move to the 4th and 5th dimensions, which is the “Paradise” promised to humans by all religions.. Humans will be able to overcome physical death and transform their biological bodies to crystalline light bodies.
