Urban Transport without the hot air: Volume 1: Sustainable

Freight traffic in urban areas is increasing because of the increase in urban economic activity and growing population in the cities. Even though, about 10 percent of the total traffic is freight traffic, an estimated 40 percent of the pollution caused by the transport sector in an urban area is caused by the urban freight transport.

Sustainable Urban Transportation Systems - UN CC:Learn

facilities. Inclusive Transport forms the next category of documentation. Alwar Vahini is one such programme which not only provides systematic urban transport services but also takes care of the operators as well. Initiatives undertaken by Samarthyam Foundation has been included as snapshot under this category.

Urban Transportation in Indian Cities - pearl.niua.org

(c) Urban transit, mass transit or public transportation includes systems which are available for use by all persons who pay the established fare. These modes, which operate on fixed routes and with fixed schedules, include bus, light rail transit, metro, regional rail and several other systems.

URBAN PUBLIC TRANSPORTATION SYSTEMS - Reconnecting America

supporting transport services, such as the e-rickshaw, and the need for a regulatory framework and infrastructure support for these forms of transport. It is clearly documented that public transport systems can improve the efficiency and sustainability, economically and environmentally, of urban transport systems.
