A question I have gotten a lot lately has to do with the differences and similarities between Computer Science and Computer Engineering. At the risk of over-simplifying the differences, I have written this guide to explain how Computer Science and Computer Engineering are alike and how they differ.

Computer Science vs. Computer Engineering: What's the

Science doesn't " will never and should never " work by someone having a 'vision' which he has convinced himself is the truth, and then trying to force some equations to fit the fantasy without any respect for evidence or for reasoning. Especially if in the meantime they go around claiming they've already proved it. Equations aren't a means of rhetoric.
