There is no federal or Washington state law regarding the age ... stay home alone or baby sit ... can be left home alone. In general, children under the age of 10 ...

### **Home alone: When can you safely leave children by themselves?**

Home is the place where a child should feel protected and safe. But what about those times when a parent can't be there? If there is no affordable after-school program or sitter available, when is it okay for your child to be home alone? There is no right answer for every child. There is no magic age when a child suddenly becomes responsible and mature.

### **Home is the place where a child should feel protected and**

leave their child home alone for the first time. Whether they are just running to the store for a few minutes or working during after-school hours, parents need to be sure their children have the skills and maturity to handle the situation safely. Being trusted to stay home alone can be a positive experience for a child who is

mature and well

about staying home alone. Have this conversation before leaving your child and then, when you return, talk with your child about his or her experiences and feelings while you were away. This is particularly important when your child is first beginning to stay home alone, but a quick check-in is always helpful after being away. Don't overdo it.

### **Leaving Your Child Home Alone**

in your home tapping the stored value of your home with a loan. Home equity is the difference between the appraised value of your home and what you owe on any mortgages. A reverse mortgage can allow you to convert some of that home equity into cash so that you can stay at home. Using the equity in your home can seem like a good idea. But is it
