Where's George? is a website that tracks the natural geographic circulation of American paper money. Its popularity has led to the establishment of a number of other currency tracking websites and sites that track other objects, such as used books. Statistics generated by the website have been used in at least one research paper to study patterns of human travel in the United States.

Have a great group for a guild but can't come up with a good name? At PARC's PlayOn group, we found a basic grammar that was able to correctly parse about 90% of guild names we collected from a 3-month period in World of Warcraft over 5 servers (~22,000 guild names). You can find a detailed description of the grammar here.. This allowed us to create a guild name generator that used the grammar ...
