As of August 29, 2014, Google has decided to intentionally break old browsers. They say it's not a bug, it's by design here, even though Google's support page says it accepts Safari 4 as a fully supported browser. If you want Google searches to go back to the modern style, you need to change your User-Agent string.

The X Window System (X11, or simply X) is a windowing system for bitmap displays, common on Unix-like operating systems.. X provides the basic framework for a GUI environment: drawing and moving windows on the display device and interacting with a mouse and keyboard.X does not mandate the user interface – this is handled by individual programs. As such, the visual styling of X-based ...
